# Midterm Proposal

By Qisi Feng

1.What is the concept/theme of my project?

2.List/Inspiration

- https://www.armourycoachingstudio.co.uk/
- davidsims.com
- https://theparkerpractice.com/
- https://yuta-abe.com/
- https://www.flshfrm.com/
- ..

3.Rough draft

< Logo here >   < nav here >
                                 Split is also:
< Heading >   (video)
  < font....   < img > →
    (logo)
< Text >   An image
                                 Big & With Contrast
Or < Text   < Heading >
     Mid >
⇓ scroll down   < Imagey >

About   Maybe
                                 Logo
                                 here/start
                                 story

Considering a video
              here.

<   Heading   >
< About core philosophy >
   追逐每一个梦想
   Chase every dream.
< IMG >

splitting

< img >

< Our place > | img |

About   { Maybe
           bulleted
                list
         · Super class
Course   (20-40)
            (high stans)
         · Summer class
   · Winter class

Ps. Cohesive symbol to

                < Our teacher >

4.List of html/css
margin
padding
div/box
paragraph/bold text
ul/li
class/id/files paths/viewport
span
anchor
display
z-index
Different position style
inline-block
Text-align
Opacity
Flexbox
Background-image
Background-color
Header/different heading size
Navigation
Transition/Hover effect.
Transition-delay
Transition-duration
media screen

5.Things need to figure out

Textflow (how to make font stop at a certain point and make it flow at another random position?)

On mac for example, how to change the image size when both your two fingers touched

Want to have background image animation(like it changes to a new one for 2s?)

How to make text to flow vertical

..

Considering doing a button as a part of navigation

Want to have a multiple column to list the partner in a clear way

How to insert video?

Gracias!
